# Fokker Aircraft Services...

one of the most comprehensive overhaul centers in the world!

## S E R V I C E S

### **Airframe MRO**

#### **EASA & FAA Part 145 approved**

Among commercial and military operators, Fokker Aircraft Services has developed a reputation for excellence. Customers include some of the most well respected organizations in aviation.

#### **Our services include:**

- maintenance
  - modification
  - painting
  - working parties
  - damage assessment
  - fleet management support
  - CAMO
  - turnkey solution for severe repair and ferry flight preparation
  - AOG support
- telephone +31 164 618 425

In addition to the Fokker Aircraft our capabilities are increasingly being used for Boeing 737 series, Airbus A320 family along with other regional aircraft types such as Embraer and Bombardier.

Fokker Aircraft Services is fully experienced in high technology military aircraft programs on jet fighters, maritime patrol aircraft, transport platforms and helicopters. We are accustomed to meeting strict military standards such as AQAP-2110.

The Fokker logo, featuring the word "Fokker" in a stylized, blue, cursive font with a white outline, set against a light blue background.

### Conversions & Completions

Operating a VIP or Executive aircraft demands the latest technology and the highest quality and safety standards. It is our challenge to secure all these standards in your unique interior requirements. You can fully rely on our airframer in-house design and engineering capability. With a highly experienced team we cover a comprehensive range of expertise from refurbishment to full completion.

Fokker's conversion & completion services extend further than designing and integrating your requirements. We know that you want to perform maintenance without jeopardizing your treasured interior. That is why we also provide MRO capabilities incorporated in our completion centre.

With a heritage of 90 years building aircraft to the highest standards, we will be glad to take care of your Airbus ACJ, Boeing BBJ, Bombardier or Gulfstream as if it were one of our own.

*Support & Services...*  
we respond to your needs!

#### **Backshops**

Our extensive backshops are part of our backbone.

**Excellent support & services covering overhaul and repair of:**

- landing gear
- interior
- emergency equipment
- composites
- tubes and welded assemblies
- proprietary parts
- sheet metal work
- speed shop (machining, milling, etc.)
- non destructive inspection
- surface treatment
- customised solutions

Owners and operators can feel confident their aircraft is in capable hands. Downtime will be kept to the absolute minimum without compromising safety and quality.
